The Major League

1987 by Jim Pertierra

Again we have moved forward another step closer to our 10th season. TML 8 was a very calm, placid season. It was not, however, unexciting.

Perhaps I best leave the description of the races to the reporters. My job here has always been to chronicle the major accomplishments by the League as a whole.

The recently concluded Rookie/Free Agent weekend was a typical TML Production. You could have set a clock to it. Everybody showed, it started on time, ran the allotted time and ended with someone not being served at dinner.

We take these annual affairs somewhat for granted now. After all this was the 9th year in a row that you looney tunes have descended on the Capital District in the dead of winter. Is it some measure of the strength of the League that, for one weekend a year, we show the collective IQ of a jar of petroleum jelly? I would say so. We like to measure things by their individual and collective weight in Baseball. How many of this in a year, in a career. The measure of the strength of the TML has always been the Rookie/Free Agent Draft weekend.

I can think of no League in Replaydom that has had these annual parties for so long. There are other Leagues in the tabletop community that have adopted and modified the TML philosophy regarding these weekends. However no one does it better simply because no League has better membership. As I've said before, the strength of the TML is a tribute to each of the 39 managers in the League. You are the one true asset and therefore, with you, Mike and I can start looking toward the second decade of TML.

Dave Pittner and I have an annual discussion about what the TML will be like in it's 20th year. I don't see much change in philosophy or membership. We intend to be here, about to issue another register.

Speaking of the Register...I would say that it was the major accomplishment of TML 8. Yes, even bigger than Rocky's 2nd championship. A lot of the proverbial blood, sweat and tears went into the book. I did my work on it for 3 months in 1985, then Mike Landin took over and spent parts of 3 calendar years on the project. I hope that you, who ordered it, were happy with the final product. I know that Mike is being realistic when he says not again for 5 years. It's massive in scope and, if you want to know something, it's in there.

Finally, as always, the TML long ball hitters:
8 YEARS - Dallas Adams, Mike Landin, John Gatto, Glenn Bailey, Carl Carpenter, Bill Parks, Mike Mayko, Chris Lentine, Doug Zuchowski, Frank Lentine, Jim Schembari, Mike Moore, Chick Wade, Nite Mahan, Art Albanese, Dave Pittner, Bruce Clark, Rocky Hall, Rich Goldberg, Larry Alber and Jim Pertierra.

7 YEARS - Bill Vincent, Les Fleming, Tim Ackley and Mark Hetterich.

6 YEARS - Joe Steinmetz and Tom Kopp

A sad goodbye to Tim Ackley, model TMLer. Good luck in the future big guy! Also goodbye to Ron Helsel, a class act, as reliable as they come. Welcome Ralph Geiger and Mike Arneen. The TML goes on.

Thanks Mike for everything. It gets nothing but better my friend!

You are ALL invited to next year's draft. It will be #10 and should be special! You were warned!

The American Game in Review -- 1987 * 13 *

by Mike Short

TML season number 8 found three managers winning their divisions for the first time: in the Mays, Manager Mike Short took the **Colonie Flames** all the way to the World Series. Their opponent in the Association Championship series were the Philadelphia Blue Jays, managed by first time winner Joe Steinmetz. Tom Kopp and the Rockford Radar also found themselves at the top of their division, the Banks, when all the dust settled. Perhaps congratulations are in order for Mike Landin and the Darkfyre Daemons: obviously, repeating was difficult this year!

The winner of the Mays Division represented the American Association in the World Series for the second straight year. The **Colonie Flames**, paced by the best pitching and a solid offense, put together the best record in the American in 1987, then defeated Wakefield and Global Champion Philadelphia in the playoffs, each by four games to two, to be named American Association Champion. The Flames flickered in the summer stretch (19-17) but were white hot the rest of the year, playing almost .700 baseball. Raines, the team MVP, scored 120 runs and stole 84 bases to go with his .341 batting average. Newcomers Frank White and Jim Morrison paced the offense with 104 and 108 RBI respectively. Frank White also turned Colonie's sieve infield into a wall (1 error in 159 regular season and playoff games!), a major reason the Flames pitching staff allowed the least hits of any American staff ever. Higuera won 20, Righetti set new marks with 47 saves and 54 relief points, and Danny Jackson led the American with 8 shutouts.

Jim Clayman and the **Wakefield Cardinals** earned the right to meet Colonie in the Conference championship by dropping Rockford four games to two. It was the top of the order that produced for the Cardinals: Sax, Butler and Schmidt combined to score 314 runs, and drive in 261. Wakefield's pitching was solid too, led by Darling's 18-11 mark. Schmidt had a fine year, especially early, pounding out 41 homers and 134 RBI.

The defending champion **Coldwater Lakers**, managed by Larry Rumsey, started fast, but the magic seemed to fade as the season wore on. The pitching was good, as the ERA was under 4.00, but the offense did not get on base (.320) and did not hit the ball far when they hit it (slugging .369). Gullickson (16-10, 2.90) pitched very well, but no other starter posted a winning record. Barfield's 100 runs, 36 homers and 108 RBI paced the team.

Rickey Henderson was the main reason that Bill Park's **Toledo Tomcats** scored so many runs: he himself scored 133 and drove in 92, while stealing 100 bases. The pitching staff was the main reason the Tomcats lost over 90 games anyway: 67 starts from pitchers with ERAs above 6.00. Walker could only play in 87 games, yet he hit 22 home runs and drove in 72 Tomcats. Over a full season, he

projects to 50 homers and over 150 RBI.

Ron Helsel, before retiring, watched a **Hudson Hornet** team with no power, little pitching and Brook Jacoby at third base (48 errors). Tony Fernandez rose above all that, out-hitting the number two man on the club by over 50 points, and leading the team in RBI, 2Bs and 3Bs. Pitcher Correa had a strong rookie year, going 13-12 and tossing 3 shutouts, holding opponents to a .230 batting average.

In the Banks, it was the **Rockford Radar's** ability to score runs for Tom Kopp that got them into the playoffs, over 800 for the year. Nine Radarmen hit ten or more homer runs, usually driving in Bernazard (104 runs) or Webster (97 runs), who led the team in average (.307), 2Bs (37), 3Bs (13), slugging (.493) and stolen bases (38). Dravecky (15-8) led the starters, and Tekulve and McCullers teamed up to lead a surprising strong bullpen. Rockford's lack of the big ace pitcher may have cost them a chance to go much farther this year.

Kevin Bass had a phenomenal year, slugging .536 as he drove in 110 runs for Bill Graham and the **Baskerville Hounds**, but the rest of the team seemed to have trouble adjusting to their new surroundings. Lansford played a solid third base and scored 99 runs while popping 38 homers. The starting pitching was mediocre, and no one in the bullpen wanted to step forward and become the main man. A big disappointment was Schiraldi (4.34, 0-3, only 8 saves in 26 appearances).

The big boppers for John Gatto and his **Chicago Bruins** were Parker (.259, 26, 100) and Rice (.311, 23, 98). The problem is that they tended to bop on the road (41-39) but not at home (33-47). The other problem is that the offense did not score enough runs to support a solid effort from the entire pitching staff.

For Brandon Rose, the **Addison Arrow** highlight had to be Julio Franco reaching the 200 hit plateau (exactly), and Sandberg's 20 home runs. This is a team in transition, and it was in transition most of the season Brandon set a record for waiver claims in one season by a manager. The turnover will probably continue in 1988 as the Arrows move north to Flin Flon to become the Trappers. The pitching staff, anchored by Rhoden and Hough, seems a little more stable.

The other Canadian team in the Global Conference, the **Banff Biffs**, gave Manager Eric Rogers plenty to biff about. The team ERA of 5.07 was powered primarily by an Association record 780 walks. Langston alone came within a whisper of 200 base on balls (191), another new record. The bright spot was Dave Schmidt (1.88, 6-7, 20 saves), but he's been sold. Offensively, Dykstra had a fine year, leading the team in hitting (.307), runs (76), 2Bs (31), 3Bs (8), slugging (.440) and stolen bases (42). Mike Davis chipped in with 27 home runs, and

Buechele had 26.

From the outset of the season, the Koufax division feature a pennant race extraordinaire. Joe Steinmetz' Philadelphia Blue Jays and Dallas Adams' L&M Librae hooked up from Series One on, never separated by more than four games, and finished with a fury downunder, as the Blue Jays won by one. The Jays then dispatched Musial winner Darkfyre four games to two to win the Western Conference Championship.

Backed by Cy Young winner Roger Clemens (22-8, 2.37) and MVP Don Mattingly (.349, 123 R, 32 HR, 129 RBI), the **Philadelphia Blue Jays** combined the highest team average (.283), a great slugging percentage (.455 on 289 2B, 42 3B and 200 HR), and the ability to score runs (881) with the third best pitching in the Association (3.59) to come within a whisper of 100 wins, all while playing in the best division. Strawberry hit 41 HR and drove in 117 and Kingman clouted 21 HR in under 300 at bats. Krukow won 17, while Welch and Bryn Smith added 16 apiece.

The offensive demon this year was the **L&M Librae**, who set a league record for home runs in a season as a team (247). Six players, lead by Gaetti with 36, hit twenty or more homers, while four others had at least 10. The Librae scored over 900 runs to lead the Association. Lost in the shuffle was that L&M posted the second best ERA, largely by not putting people on base. Knepper (21-4, 2.99) had a great year. Jack Morris and Key each won 17. L&M's downfall came at Sherlock, where the offense went to sleep, and the bullpen failed. The Librae dropped eight straight, and into the wildcard slot.

Carl Carpenter and the **Sherlock C's** had the time of their lives in that series, in which the bullpen picked up 12 relief points in eight games. The C's surprised a lot of people, who looked at thin pitching and a .245 batting average and figured they were a pushover. But Sherlock had power, to the tune of 210 home runs, nine players with 10 or more, including Deer with 34. It was this balance that allowed the offense to cook: despite scoring a healthy 747 runs, no player scored or drove 100 by himself. McGaskill lead the starters (16-11, 3.35), and Dave Smith picked up 22 saves.

Glenn Bailey got the **Pacific Goldeyes** above .500 for the first time in TML history. A power-oriented offense featured a startling eight in which every player hit 10 or more home runs except for Bo Diaz (9). Led by Incaviglia (45 HR, 91 RBI) and DeCinces (38 HR, 101 RBI), the Goldeyes could blast their way into any game. Aase and Farr teamed up for 39 saves in the bullpen. Rumors from the Northwest indicate that Pacific will be rebuilding again this year.

A triangle of super offensive players (Hrbek at first, Boggs at third, and Puckett in center) made

the **Pensacola Stingrays** exciting for Mark Hetterich. Hrbek blasted 46 homers and drove in 134 runs, usually Puckett, who score 124 runs, and drove in 100 himself with 34 homers. But it was Wade Boggs who rewrote the record book with a .406 batting average, .488 on base percentage, and 59 doubles. If the offense had not made things exciting, the pitching would have, with a 5.19 ERA to guarantee that lots of runs would score whenever the Stingrays played.

The **Darkfyre Daemons** surprised everyone, including manager Mike Landin by defeating wild card L&M in the first round of the playoffs, four games to three. The Daemons got there on the strong arm of Mike Scott, who had a Cy Young quality year (any other year) with a 23-10 record and a TML record 373 strikeouts to go along with his 2.44 ERA. Offensively Tony Gwynn and Jose Canseco were simply sensational. Gwynn, new to the Daemons, scored 106 runs and popped 20 homers while hitting .351. Canseco led the Daemons with 40 homers and 118 RBI.

Bob Weisman's **Zagazig Zilches** were as close to playing post-season as they have ever been, five games behind Darkfyre. The Young team from Egypt did not hit the ball hard enough or often enough to catch Darkfyre, though Glenn Davis did produce (33 HR, 108 RBI). Mike Witt (16-15, 3.36) sued for lack of support. Henke saved 35 games. The highlight of the year for the Zilches came in the summer stretch when they became one of only two teams to take a regular season series from the American champion Colonie Flames, completely outplaying the Flames at every aspect of the game.

For Les Fleming, the **Sir Jeffery Silver Knights** had a tough year. After battling all season despite an offense that had never heard of the long ball, they suffered the death of their long time manager Sir Jeffery (*Falinus domesticus*) himself. Coleman stole 122 bases for the Knights, but nobody drove him in and he failed to score 100 runs. Larry Parrish had a solids season (.268, 27, 96). Danny Cox led the team in wins (13) and losses (13 again), and Todd Worrell was magnificent out of the bullpen (1.86, 33 saves).

Bad years from good pitchers spelled doom for the defending Western champion **New Jersey Pinstripers**. Rich Perrotti simply could not believe this was the real Dwight Gooden (4.04, 13-15, 46 homers allowed). Ultimately, it was the entire team's propensity for giving up the long ball (208 HR allowed) that cost New Jersey a chance at repeating. Offensively, nobody took charge, and the Pinstripers were one hit away all year. Darrell Evans had another good year (33 HR, 85 RBI) to lead New Jersey.

For Tim Ackley and the **Salt River Stompers**, it was simply a case of not being able to score. Lance Parrish hit 31 homers but only scored 24 other times. Lynn led the team in runs scored with 59. Except for Parrish (78), no one drove in more than 53 runs. This wasted a good effort by a wild pitching staff that was reasonably effective. Donnie Moore was very tough out of the pen (9-5, 18 saves, 1.27)

Biographical Sketch

Sports has obviously been a major influence in my life. Played baseball, basketball & football as a youth and well into my 30's. Football was my main sport and reached its pinnacle with a try-out with the Toronto Argonauts (quarterback). I still play them all, but at a much slower pace. Careerwise I am a sales rep with a business interior & design firm. I have been in this industry now for 9 years. I also have a wonderful wife and son Bryan (10), who is very athletic and plays them all (this obviously makes his daddy very happy).

BANFF Biffs

Manager: Eric Rogers (Barbara)

Age: 29 Occupation: Meteorologist

Biographical Sketch

With my PhD Thesis completed, Barbara and I are moving to Washington DC, where I will start my new job at the National Meteorological Center. Born and bred in Boston, I'm still rooting for the Red Sox, Celtics, Bruins & Patriots(?), etc. My side business, "TML Videos, Inc." is doing well, especially with Dave Pittner buying every copy of the "Dave Pittner Story" to learn how not to be boring anymore.

Team MVP: D. Schmidt

Most Unexp. Perf: D. Schmidt

The Season Story

Bad pitching + weak hitting = a bad season. The Biffs started out 1-7 against Rockford and went downhill from there. The low point was in Series 3 when the Biffs were swept by Hudson! Actually, I didn't expect much from this bunch. The only surprise was the phenomenal performance of Dave Schmidt, who had 20 SVs & a 1.88 ERA. At season's end, Schmidt was rewarded for this effort by being sold to Rockford. With Viola and W. Clark, the '88 Biffs should be better.

BASKERVILLE Hounds

Manager: Bill Graham (Cathy)

Age: 38 Occupation: Attorney

Biographical Sketch

The only Bio Sketch I could come up with is that of Ludwig von Beethoven, but since that has been told elsewhere, let me tell you a few things about myself. First, I have no sense of humor. Second, I count the Kinks, Monty Python and Ernie Kovac as being among my greatest influences. Third, I take these brief bio sketches seriously. Fourth, I'm out of room.

The Season Story

The Hounds were a streaky team. At one point they were nearly unbeatable. This was followed by a stretch when they were clearly beatable. Still, they were in the race almost the entire season and that is hard to complain about. Next season should be a down year for the Hounds. Pitching will be a question mark, as will the outfield situation. The infield seems set through the season, as does catcher with Carter & Fisk. The '88 Hounds will not be as tough as the '87 version, but they will be spoilers.

CHICAGO Bruins

Manager: John Gatto (Sylvia)

Age: 60 Occupation: Real Estate

Biographical Sketch

Make that 7 grandchildren. This year we've branched out into Commercial real estate, so I've quit the IRLB league. I'm enjoying this field since retiring from School Principalship 5 years ago, and it's been keeping me busy. I've managed to hang in there with TML, though trading season passed me by without one move. Also, still barnstorming with the quartet, *The Schizophanies*, but not as often. Going on a bareboat windjammer in B.V.I. in January.

Team MVP: Rice

Most Unexp. Perf: (10 tied)

The Season Story

Another disappointing season for the once proud Bruins. Time to back up the truck and cut out the sentimentality. With the release this year of Cecil Cooper, Jerry Reuss & Bruce Sutter, the only remaining members of the charter Chicago team are Buddy Bell & good old Tommy John. In short, the Bruins need to start over and build on their young pitching. This will be a long season with only a few bright spots.

Biographical Sketch

A warm, sensitive, charming man about the house who discovered table top baseball on New Year's 1986 and has never been heard from on any other topic since; elected to the *Hall of Biff* in Spring 1986 for chronic biffing; has found a cure for biffing in the Al Davis philosophy, "Just win, Baby!"; does not hunt or fish.

Team MVP: Raines

Most Unexp. Perf: D. Jackson

The Season Story

After sending in the Yearbook Info Sheet last year, I wished I hadn't predicted 90+ wins, but the team didn't let me down. Strong pitching and surprisingly good offense paced the Flames to a franchise best season. Raines was Team MVP as usual, but Frank White (23 HR, 100+ RBI) supplied offense and defense (1 error). Higuera won 20 games as the ace and Righetti shattered the American relief records. Player of the future, Benny Santiago, hit .375 w/25 RBIs and pitcher of the future, Bobby Thigpen, threw at 1.57. Next year: pitching not as good; hitting same or better; defense best in years.

Biographical Sketch

Continue to work and broadcast weather reports for SUNY Albany. (It's sad to see Tom Kopp, Eric Rogers & Bob Weisman all leaving SUNY, but I sincerely wish them the best of luck.) Joined the Capital District Baseball Umpires Association last spring and really enjoyed my newest "hobby." Getting the *TML Register* off my back was the highlight of the TML year!
Team MVP: M. Scott Most Unexp. Perf: Youmans

The Season Story

It was thought that a wins total of around 85 would capture the Musial Crown, so the Daemons hung in there, patiently splitting most series and avoiding disasters. The result was a 3rd straight division title! The Daemons went on to upset the Librae, but the *magic* disappeared in Game #6 at Philly. The steady Daemon offense was led by Gwynn, Murray and Rookie of the Year, Canseco. Valle provided some timey and amusing pinch-hits. Mike Scott turned on the heat, setting a new TML strikeout mark (373), and had a Cy Young-type season. Blyleven had another fine season. Black & Dedmon combined for an adequate bullpen (31 SV, 42 RP).

Biographical Sketch

Have been married for 23 years and have two daughters: Andrea(21) and Kim(20). Hobbies include golf whenever possible, bow hunting and following Cub baseball. Have been a table-gamer for 28 years. This was my 5th and last year with REPLAY.

Team MVP: T. Fernandez

Most Unexp. Perf: Kutcher

The Season Story

Fernandez and not much else. Only one regular hit above .270 besides Fernandez. Jacoby had an alarming 48 errors, but once went on a 10-game stretch without any! Hudson led the league in defensive DPs, but it was easy with all the baserunners that the pitching staff put on. But, the sole reason for Hudson's lack of success lies within the General Manager's underwhelming trades and player drafts. Good luck to the next Manager. (P.S. Happiness is seeing Bill James' picture on the back of a milk carton.)

Team MVP: Knepper

Most Unexp. Perf: Dale Murphy

The Season Story

The Koufax Division in '87 saw a season-long battle for 1st place between the Librae and the Philadelphia Blue Jays. Ultimately, the Jays finished a game in front. L&M was noted for its offense: 905 runs scored and 247 homeruns (a new American Association Team Record). However, the team's pitching was surprisingly good, and consistent, with a 3.57 staff ERA. Bob Knepper (21-4, 2.99) was the team MVP. Among the batters, Gary Gaetti led with 36 HRs & 113 RBIs, while Joe Carter(25,111), Von Hayes(24,98) & Dale Murphy(34,86) furnished added support. In all, 10 men hit 10 or more homers.

Biographical Sketch

DID YOU KNOW THAT: this summer's baseball highlight was a "9 games in 10 days" road trip that took us to Cleveland, Cincinnati, St. Louis, K.C. and Pittsburgh ... moved to Elizabeth, NJ (home of the National Assoc. "Clippers") to gain more room and set up a business part-time ... we bowled in Atlantic City with the pros and look forward to doing so again in '88 (Marshall Holman is just what you think he is!)? More next year.

Team MVP: McReynolds

Most Unexp. Perf: Gooden

The Season Story

Larry Bowa's defending Western Conference champs went downhill in a runaway ambulance this season, as the pitching staff was so ravaged by injury that coach Dennis Leonard had to start 16 games! The mysterious slump that bedeviled Gooden in the playoffs last year continued into this season, as he was very inconsistent. The defense was porous and that contributed to the decline all around. The highlight of the season was not losing a single series to a Musial rival.

Biographical Sketch

Been employed as an Immigration Investigator for 16 years. Spend most of the winter driving my son to and from hockey games. We're looking forward to going to hockey tournaments in Minnesota and North Dakota in the next 6 weeks. However, life is empty without the box scores in the morning paper. Come on Spring!

Team MVP: DeCinces

The Season Story

For the first time in our history we managed to break the sacred .500 barrier! Thanks to good pitching and banner power stats from DeCinces, Incaviglia, Moseby and Garvey. It was a fun year not getting blown away all the time. However, '88 will be a tough year after losing D. Garcia, Garvey, Ojeda, Aase and Haas to injuries. We have too many holes to fill, but we'll show up for the games.

PENSACOLA Stingray

* 26 *

Manager: Mark Hetterich (Connie)

Age: 40 Occupation: U.S. Navy

Biographical Sketch

I will complete 20 years of Naval service on Sep 16th of '88 and will transfer to the fleet reserve 14 days later. During my 3 years here in Pensacola, I have completed my B.S. in Program Development and will complete my M.A. in Vocational Education in July of '88. I hope to work in the curriculum development field as an education/training specialist. My family and I are looking forward to civilian life and a more normal/stable environment. Hope to meet many TMLers in the coming years.

Team MVP: Puckett

Most Unexp. Perf: B. Witt

The Season Story

A season of offensive might: 4th in the league in hitting & runs scored, 3rd in doubles, and 2nd in homers. Individually, Wade Boggs led many hitting categories, including a .406 average! Puckett chipped in with fine stats and Hrbeek led the league in homers(46) and tied for the RBI lead (134). Other solid contributors: Whitt, Baylor and Kittle. Pitching was the Stingray downfall. Witt was the team's best pitcher at 15-12 & 4.52. The bullpen was a disaster! Orosco lost 12 times and had a 5.70 ERA. More of the same in '88, an awesome offense and poor pitching!

Biographical Sketch

Married 28 years - 3 children (2 girls & a boy). My only athletic glory occurred while playing for the '57 Jr. Div. United States Soccer Champions (Lighthouse Blues). Ironically, it's probably my least favored major sport, if you can call it a major sport. It's a great game to play, but not much fun to watch. I have worked as a Phila. Policeman for 26 years, the last 15 years working in the Computer Division.

Team MVP: Mattingly

Most Unexp. Perf: Bryn Smith

The Season Story

Clemens, Mattingly, Strawberry and a fine supporting cast. But, take any one of the three away and Philly doesn't come close to winning the division. The team seemed to catch fire after the "Summer Stretch" and oddly enough, it was on the road where they team really shined.

Biographical Sketch

A very exciting '87 for my wife and I. First, we are expecting our first child in '88. Second, I finally entered the "real" world by accepting an assistant professor position at Creighton University in Omaha, NE. Yes, I escaped the SUNYA madhouse. However, I am scheduled for a psychiatric study in a few months.

Team MVP: Webster

Most Unexp. Perf: McCullers

The Season Story

Last year it was "All I Need Is A Miracle." This year it was "Hurts So Good." Rockford won its first divisional title and set numerous franchise records (including wins), with a team I never saw! The Radar struggled at home all season, going 33-42 after home Series #1 and lost all 3 home playoff games. On the road though, the Radar played .590 ball. A deep and powerful offense (the best in Radar history) made up for an erratic and inconsistent pitching staff. Webster, Bernazard & Griffey paced the offense. Tekulve(GR) and McCullers(RP) set franchise records in leading a badly needed bullpen. Next year? Well, the theme is "Here I Go Again."

Biographical Sketch

Was married this past year and gained an instant family: Joey(18), Adrien(13) and Cyanna(8). Increased responsibilities, both at home and at work, have forced me to resign as an active Manager for next season.

Team MVP: D. Moore

The Season Story

This season was the transition year and hopefully the bottom of the rebuilding curve. The offense was weak, due in part to the limited playing status of many veteran regulars of years past. The pitching was not too bad, but no where good enough to pull the team out of the Musial basement. Donnie Moore had a great season (18 SV, 27 RP, 1.27)!

SHERLOCK C's

* 30 *

Manager: Carl Carpenter

Age: 31 Occupation: Undecided

Biographical Sketch

After over 4 years of development, my play-by-mail science fiction game "New Order" is up and running, and pretty well debugged. Overall, PBM industry reaction has been favorable to this point. If anyone's curious, drop me a note and I'll send you the standard information sheet.

Team MVP: McCaskill

Most Unexp. Perf: Eric Davis

The Season Story

There were some positives to this, another mediocre season, for Sherlock. The C's became the first team in American Assoc. history to hit 200 HRs and steal 200 bases in the same season. We won 21 more games than in '86 and hit into fewer DPs than any other TML team. Eric Davis set a team record with 89 SBs. Unfortunately, Davis also hit .229. For the first (non-strike) season ever, we didn't set a team HR record (only missed by 6 though) and no player scored or drove in 100 runs. For about the 4th consecutive season, this team remains "one season away!"

SIR JEFFERY Silver Knights

Biographical Sketch

A recent graduate of the Tom Lasorda school of management, I have shown the ability to take a mediocre team and turn it into a middle of the pack finisher.

Team MVP: Worrell

Most Unexp. Perf: Schrom

The Season Story

Key to Sir Jeffery season was the inability to win on the road (ROAD: 33-47; HOME: 46-34). A 42-38 road record would have brought a divisional title. Averaging less than 4 runs a game on a .238 batting avg. not only made winning difficult, but also made doing stats a chore. (In MLB, Knight players averaged well over .250.) Hernandez, Oberkfell, Coleman, Davis and Lombardozzi were all 30+ points below their MLB averages, while no regular was 10+ over his MLB average.

Biographical Sketch

Foreman for the Jones Transfer Company. Hobbies include table-baseball and computer games and projects. Occasionally coach softball and basketball when there's time available. Will be moving to Las Vegas, NV later this year.

Team MVP: R. Henderson

Most Unexp. Perf: Gladden

The Season Story

A rebuilding year and all the youngsters were learning as they played. A good offense was offset by poor pitching (young starters and a shallow bullpen).

ZAGAZIG Zilches

* 34 *

Manager: Bob Weisman

Age: 27 Occupation: Graduate Student

Biographical Sketch

WANTED: an appropriate position for a hard-working, conscientious trained meteorologist who will get his doctorate in May. The candidate has 2 years of teaching experience and 6 years of ego-bashing experience. With this resume, the candidate is qualified for chief grill chef at a burger joint, sanitary engineer, soldier-of-fortune, paid groupie, newspaper carrier or any other sufficiently demeaning position.

Team MVP: Henke

Most Unexp. Perf: Brookens

The Season Story

Featuring loads of talent stolen from Banff, Zagazig finished above .500 for the first time since '81. This was good enough to put the Zilches in the "Not-Ready-For-Prime-Time" division race in the Musial. However, there were enough losing streaks at key times to keep the Zilches out of serious contention. Henke amazingly broke the old American Assoc. save record, which Righetti destroyed. Garrelts had a more typical performance for the Zilches' "Chuck & Duck" bullpen, averaging a gopher ball every 4.4 IP. Fans were able to brave the brutal Egyptian weather, since ZZ games were well air conditioned (ZZ finished 1st in offensive Ks and 2nd in defensive Ks). Rick Bosetti's base coaching was a key to leading the American Assoc. in caught stealing.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created, where, $RC = ((H + BB - CS) * (TB + 0.56 * SB)) / (AB + BB)$

RC Factor: a comparison of runs scored against total runs created, where $RC\ Factor = R / RC$; a value under 1.00 might indicate runs lost due to careless base coaching, to many LOB, GIDP, etc.

Proj. W-L%: the expected winning percentage based on a comparison of runs scored to runs allowed, where: $Proj. W-L\% = R^2 / (R^2 + OR^2)$

Def DP: defensive double plays, which include all types of defensive DPs

Off DP: offensive double plays, which include all types of offensive DPs

Pit Err: pitcher fielding errors; included in total team errors

OP-%: the batting percentage against each pitcher; an average number of batters per inning was derived from the final Association stats (American: $BFP = 2.849$; National: $BFP = 2.848$), where, $OP-\% = H / (H + BFP * IP)$

NOTE: an asterisk (*) preceding any stat indicates that the player/pitcher led his Association in that stat category; a period (•) indicates that the player/pitcher tied for the lead in his Association in that stat category.

Biographical Sketch

Again? I am very successful. I have a job I really love (Program Director at the Ashland Group Home). Hopefully, on Feb 10th, we will be the first group home in Kentucky ever accredited by the American Correctional Association. I have a great family, Freda, Shelly(8) and Joe (6). Joe hit clean-up and played SS on his rookie ball team (13-5) last summer. I have a great hobby - REPLAY - TML. I have a good friend in Dave Pittner. Oh well, 3 of 4 ain't bad!

Team MVP: Worrell

Most Unexp. Perf: Franco

The Season Story

Kentucky went 113-47 by combining league-leading runs scored (905), with the best ERA of 3.27. This team was very streaky, with win streaks of 11 (twice), 10, 9 (twice) and 8 & 6-game losing streaks. Only Port Elizabeth (4-12) provided competition in the Continental Conference. Offensively, balance (& "Scrubb" Grubb) carried the 'Dogs. Carter and Bernazard were hot early. In 54 save situations, Worrell saved 48 games! This included 20 in a row and 24 of 25. Roger Clemens won 13 in a row, in going 23-5, with a TML-leading 2.07 ERA. Defensively, Kentucky once again led the TML, behind the "Wizard" at SS, with only 93 errors. The 'Dogs put it all together to win the TML Championship. The support of Artie and Dennis, plus all the National Managers was touching. Thanks for the dice Jim! This year was fun!

The series opened with L&M sending Jimmy Key(17-10) up against Darkfyre Ace Mike Scott(23-10). The ensuing Key/Scott pitching duel was shattered by Trammell's 3-run homer in the 7th. Whitaker added a solo shot to complete the 4-run inning. Key mowed down the final 10 Deamon hitters for the complete game victory.

Game 2 found Jack Morris(17-15) on the hill for L&M, and Bert Blyleven(17-12) getting the call for Darkfyre. A 3-run homer by Canseco highlighted a 4-run Deamon 1st that proved to be more than enough, as Blyleven coasted to the 4-hit, complete game win. Ralph Bryant was 3 for 3 (and a walk), with 6 RBIs.

In Game 3, Darkfyre sent Floyd Youmans(11-13) up against L&M's Denny Darwin(11-6). Darwin, with 9th inning relief help from the "Quiz," shutout the Deemons on 4 hits. The Librae offense was led by Ripken's 4 RBIs (on two 2-out, 2-run singles in the 2nd & 6th innings).

Game 4 was a re-match of Game 1 starters Scott & Key. A 2-run double by Canseco gave the Deemons an early lead. Then, in the L&M 1st, Ripken led off with a single, which was followed by a walk to Daniels and an infield bunt single by Hayes to load the bases. Carter grounded out, scoring Ripken. That was it! Scott turned up the heat and did not allow another Librae hit (fanning 13), and notched the 2-hit victory.

Game 5 was another Blyleven/Morris match-up. This time, Morris disappeared in the Deemons TPL record-setting 11-run 3rd inning! The big blow in the outburst was a 2-out GRAND SLAM by Murray. A total of 14 runs in the game came on 7 homers. Bryant's 2-run homer in the 1st made him 4 for 4, and upped his RBI total to 8.

Game 6 starters, Darwin & Youmans did not last too long, in a game that saw L&M go on to destroy the Deemons by the most lopsided score (15 run differential) in TPL post-season history! L&M set records for most runs(20) & most hits(25), spread evenly over the L&M offense. The Deemons hit into 4 DPs, 3 times with the bases loaded! This game nearly went "out of control."

The series was another Key/Scott duel. After two lopsided games (46 runs & 55 hits), this game was a "nail biter" into the 7th, with the lead changing hands 3 times. Daniels gave L&M a 5-4 lead in the 7th on a 2-out, 2-run homer. Kerfeld came in to nail down the deciding win, but was roughed up to the tune of a 6-run Deamon burst, highlighted by a 2-out, pinch-hit GRAND SLAM by Valle (giving him 7 RBIs in the series)! Scott needed final out relief help from Blair to close out the game and send the Deemons to the Western Conference Playoff. (The two teams set TPL post-season records for most total runs [69] and homeruns [25]. Darkfyre "super subs" Bryant & Valle combined for a total of 15 RBIs in only 11 at bats!)

The series opened with Ron Darling (18-11) getting the nod for Wakefield, and Don Sutton (14-11) for Rockford. With the score tied at 4-4 going into the 8th, Wakefield blew it open with a 5-run inning (all on 5 singles, a walk & a couple of sacs), off two top Radar relievers, Clements & McCaffery. Eichhorn received credit for the win, but needed last out relief help from McDowell to stop a late Radar rally.

Game 2 found Wakefield sending Don King (9-7) against Floyd Bannister (11-10) of Rockford. Wakefield built up a 3-0 lead after 3 innings, with the only extra-base hit being a solo homer by Knight. Rockford closed it to 3-2 on a solo shot by Griffey in the 6th, but Eichhorn hurled a near-perfect final 3 innings to win the save.

Game 3 found Dave Dravecky (15-8) on the mound for Rockford, with John Tudor (15-7) on the hill for Wakefield. Alvin Davis delivered a 2-out RBI-single in the 5th, which proved to be the game-winner, as the Radar bullpen of McCullers & McKeon stopped the Cardinals. Mike Schmidt had led off the 8th with a homer, putting the score to within one, 5-4.

[illegible]

Game 4 saw a re-match of Game 1 starters, Sutton & Darling. After scoring on consecutive walks in the 4th & 6th, Alvin Davis connected for a solo homer in the 8th off Wakefield relief ace Elchorn, to tie the score at 5-5. The Rockford bullpen was worn thin, having entered the game in the 2nd inning. With 1 out in the Wakefield 9th, Stewart walked both Grubb & Brenly. Chambliss followed with a game-winning single. Rockford's Larry Sheets was 4 for 4, with 3 RBIs.

[illegible]

Game 5 saw Rockford call on Bannister again, while Wakefield sent Don Carmen (1-2) to the hill. Carmen was KO'd in the 3rd, but the Cardinal bullpen of Stak, Mohoric & Eichhorn held the Radar scoreless through the 9th, during which time the Cards were able to tie the score at 2-2. In the Radar 10th, with Horton on the mound, Dayett came through with a pinch-hit sac fly, scoring Webster who had doubled to open the inning. Butler led off the home 10th with a single and stole 2nd, but was left stranded, as Clements got both Schmidt & Brenny, and Stewart earned the save getting Brunansky to ground out. Rockford's Ken Griffey was 4 for 5.

In Game 6, Tudor took the mound for Wakefield and Dravecky for Rockford. Wakefield took advantage of a 2-out error by Fitzgerald and turned it into a 4-run 2nd inning. That proved to be more than enough, as Tudor, Horton & Eichhorn combined on a 5-hitter. Eichhorn was selected the series MVP, as he appeared in all 6 games, pitching 17 innings, with 19 strikeouts, a win, 2 saves, and a 1.00 ERA.

The series opener saw a battle of the aces, Roger Clemens(22-8) for Philadelphia and Ted Higuera(20-6) for Colonie. After hitting a solo homer in the 2nd, Andre Thornton connected on a 2-run shot in the 6th, that proved to be the difference, as Clemens pitched a strong game, striking out 12. Both Colonie scoring opportunities were set up by Philly infield errors. There was an exciting play in the Colonie 8th, when Joyner led off with a walk, advanced to 2nd on a PB and was sent home when Dempsey's throw went into center field. Joyner was gunned down at home by Humphrey.

The Colonie rotating bullpen held Philly in check, with Jackson hurling 4 strong innings of middle relief.

A GRAND SLAM by Dave Kingman in the 4th put Philly up 5-2, but Colonie came back for a 5-run inning of their own, in the 6th, thanks to a 3-run shot by Charlie Moore, regaining the lead 7-5. In the Philly half of the 6th, Kingman ripped his 2nd homer of the game, this time a 2-run homer. A clutch pinch-hit single by Morris off Thigpen in the 7th put Philly back on top 8-7. Without wasting any time, Colonie tied it at 8-8 when Morrison hit a pinch-hit solo homer. The Jays roughed up Thigpen some more, scoring a pair in their half of the 8th, highlighted by an RBI-triple by Humphrey, who also scored. Krukow made a rare relief appearance and earned a save for a 1-2-3 9th. Philly's Kingman had 6 RBIs in the game.

The teams traded runs in the 7th, but in the Philly 8th, the Jays "got the feeling" and ripped Righetti to the tune of 3 runs, on 4 singles & 2 walks, to tie the game at 4-4. Then, leading off the bottom of the 9th, with the score still 4-4, Dwayne Murphy connected on a Hernandez fast ball for a series-winning homerun. The win sent the Flames to the TPL World Series. The World Series opener saw a battle of the aces, Ted Higuera(20-6) for the American Association Champs, Colonie Flames, and Roger Clemens(23-5) of the National Association Champs, Kentucky Wardogs. Kentucky draws first blood in the bottom of the 2nd, when Flames' thirdbaseman, Fletcher boots Lopes' 2-out grounder, scoring Bernazard from 3rd. Horner's sac fly plates Boggs with Kentucky's 2nd run in the 3rd inning. Clemens throws no-hit ball until Joyner's 1-out single in the 6th. Both Joyner and Porter (who had walked to lead off the 6th) advanced an extra base on Bernazard's throwing error. Raines followed with a sac fly, to cut the Dogs lead to 2-1. In the home 7th, Redus leads off with a single and advanced to 2nd when Raines bobbled the ball. Lopes beat out a dribbler to the mound, sending Redus to 3rd. Higuera got Ozzie Smith to ground into a DP, with Redus scoring on the play. Worrell relieved Clemens in the 8th, with 1 out & 1 on. He gave up a single to Joyner, but no runs scored. In the Kentucky 8th, the Dogs struck for 2 more on Bernazard's 2-out, 2-run single. Worrell pitched a scoreless 9th, earning the save and staking the Wardogs to a 1-0 Series lead. Higuera took the complete game loss.

Game 2 found Eric Show(8-7) going to the mound for Colonie, and Mike Witt(22-8) getting the nod for Kentucky. Raines led the game off with a single, stole 2nd and advanced to 3rd on Fletcher's successful sac. But, Witt stranded Raines there, as he got both Baines & Traber to ground out. Kentucky broke up the 0-0 tie in their 3rd, when Bernazard hit a lead-off bloop single and advanced all the way to 3rd when Fletcher threw the ball away on Van Styke's infield single. Boggs then slapped a liner inside the 1st base line for a 2-run double. Show yielded to Denny Jackson who got out of the inning without further damage. Colonie got on the board in the 5th, when Moore's single drove in Joyner, who had doubled with 2 out. Rob Murphy relieved Witt with 1 out in the 6th and the tying run on 2nd. He pitched out of trouble by getting Baines to fly to left and fanning pinch-hitter Santiago. The Dogs added 2 more insurance runs off the tiring Jackson in the 7th. The Dogs had loaded the bases with 1 out on 2 walks and a single, forcing Jackson out of the game. Frank Williams came in and was greeted by a "Wizard of Oz" sac fly and an "Awesome" Dawson RBI-single, to up the Dogs lead to 4-1 through 7. With 1 on and 1 out in the Colonie 8th, Worrell got the call again. He promptly got Fletcher to bounce one up the middle and the "Wizard" turned it into an inning-ending DP. Worrell then extinguished the Flames 1-2-3 in the 9th for his 2nd save and a 2-0 Kentucky lead in the Series.

Game 3 saw the Flames return home, with hopes to get a tick in the "W" column. Kentucky sent John Candelaria(10-4) to the hill, while Colonie gave the ball to Denny Jackson(13-10). Jackson, who had been pitching superbly throughout the post season, saw the extra work take its toll, as he was ineffective in this game. His wildness, 4 walks in the first 2 innings, led to 3 runs. And then, he served up a gopher ball to Horner which highlighted a Kentucky 5-run 4th and sent Jackson to an early shower. Curt Young relieved Jackson, only to be greeted by a back-to-back homer by Dawson and 1 out later, a solo shot by Carter. Kentucky upped the score to 11-0 in the 5th on RBI-singles by Smith & Hall. Ryan & Righetti finally silenced the Wardog bats, but Candelaria coasted on the comfortable lead, going the route for a 5-hit victory, giving Kentucky a commanding 3 games to none lead in the Series. Colonie scored its only run in the 6th, when Raines singled, stole 2nd and scored on Glenn Wilson's RBI-single. Kentucky's Boggs & Dawson were both 3 for 5 and Lopes scored 4 straight times.

With Kentucky sitting good with a 3 games to none lead, Colonie called on their ace Ted Higuera to try and avoid the sweep. On the other hand, Kentucky called on its ace Roger Clemens to try and nail down the TML Title. The game remained scoreless (sorry, Bob) until the bottom of the 3rd, when Colonie took their first lead of the Series. Joyner singled with 1 out and scored on Dwayne Murphy's RBI-double. Murphy himself scored when Beines hit Clemens' next pitch for a single. The lead did not last long however, as the 'Dogs erupted in their next at bat. The 5-run outburst was fueled by two throwing errors by Fletcher and highlighted by a crushing 3-run homer by Dave Lopes. Ozzie Smith followed with a single, giving Higuera the K.O. In the Flames' 4th, Frank White hit the Flames' first homer of the Series, to close the score to 5-3 Dogs. Frank Williams came in to get the final out, but he was nicked for a run in the Wardog 5th on 3 straight 2-out singles by Hall, Carter & Bernazard. Kentucky greeted Thigpen in the 6th by scoring another pair, one on a lead-off, pinch-hit homer by "Scrub" Grubb and the other on a second string of 3 straight singles, this time by Horner, Dawson & Hall. Clemens, now coasting on a commanding 8-3 lead only got stronger as the game went along. He retired 14 of the final 16 Colonie batters, in completing his 8-hitter and giving the Kentucky Wardogs their 2nd franchise TML Championship.

SOME CLOSING COMMENTS: Kentucky posted a 113-57 regular season mark to lead the TML in '87. They had the best TML ERA of 3.27 and tied with L&M for the most runs scored (905). Combine those two factors with the fewest errors made (93 - tied with Latham), and that made up what was a very well-balanced team. Todd Worrell's 48 saves (in 54 opportunities) and Roger Clemens' TML leading 2.07 ERA, provided the base for the pitching. Other than "Scrub" Grubb's awesome season numbers (.361, 20 HRs), there were no great individual offensive numbers posted. Balance: hitting, pitching, and fielding brought the TML Championship trophy "Back to the Hills." Kentucky was just as awesome in the playoffs, being the first team ever to sweep its way through the post season to the TML Title. In going 12-0, the Wardogs, as a team, hit .328 and slugged over .500. The Kentucky hurlers posted a combined 1.73 ERA for the 12 games and held the opposing teams under .200 in each series. Clemens led the starters, going 5-0 with a 1.80 ERA, and Worrell added a relief win and 4 more saves. Even more amazing is the fact that Kentucky trailed only 5 times in the 12 post season games and trailed only once after the 4th inning. Congratulations to Manager Rocky Hall for an impressive season from start to finish. Congratulations also go out to Colonie Manager Mike Short for putting together the best season in the American Association (105-55) and proving it by getting to the World Series without too much difficulty. The Flames just ran into a hotter bunch of Dogs that extinguished everything the Flames did well throughout the season.

THE EIGHTH ANNUAL TML ALL STAR GAME WAS ONE OF THE BEST EVER. THE AMERICAN ALL STARS CAME FROM BEHIND, WINNING DRAMATICALLY IN THE BOTTOM OF THE 10TH INNING. THE AMERICAN ASSOCIATION HAS NOW WON SIX OF THE EIGHT ALL STAR GAMES.

THE EVENTUAL CY YOUNG WINNERS OF EACH ASSOCIATION, TED HIGUERA (NATIONAL) AND ROGER CLEMENS (AMERICAN), WERE VOTED AS THE STARTERS OF THE ALL STAR GAME. THE AMERICANS GOT TO HIGUERA IN THE 2ND. SINGLES BY PUCKETT & GWYNN AROUND A WALK TO STRAWBERRY LOADED THE BASES. LANCE PARRISH GOT ONE RUN IN WITH A GROUNDER. TONY FERNANDEZ FOLLOWED WITH A SAC FLY, AND STEVE SAX DOUBLED IN THE 3RD RUN OF THE INNING. CLEMENS, IN HIS 3 INNINGS OF WORK, GAVE UP SOLO HOMERS TO TONY PENA AND JIM RICE, BUT STILL LEFT WITH THE LEAD, 3-2. THE SLIM LEAD HELD UNTIL THE NATIONAL 6TH, WHEN JESSE BARFIELD CONNECTED OFF MIKE SCOTT FOR A 2-RUN SHOT. MARK CLEAR RELIEVED SCOTT, ONLY TO SURRENDER A SOLO HOMER TO MIKE SCHMIDT, TO MAKE THE SCORE 5-3 NATIONAL. THE AMERICAN VERSION OF MIKE SCHMIDT MADE IT 5-4 WHEN HE TOOK A MIKE WITT FASTBALL OVER THE FENCE. STILL DOWN 5-4, FRANK WHITE LED OFF THE AMERICAN 8TH. FROM OUT OF THE CROWD, SOMEONE YELLED, "WHAT'S HE DOING IN THE ALL STAR GAME." WELL, FRANK RESPONDED BY CRANKING A HOMERUN OFF MARK EICHORN TO TIE THE GAME AT 5-5. TODD WORRELL WAS CALLED IN TO PITCH THE 9TH. TWO RUNNERS REACHED BASE, ONE ON A SINGLE AND THE OTHER BY AN ERROR, BUT WORRELL STRUCK OUT THE SIDE, THUS ENDING THE THREAT. EICHORN RETIRED THE AMERICANS 1-2-3 IN THE HOME 9TH. THE NATIONALS WENT DOWN IN ORDER IN THE TOP OF THE 10TH. THE NATIONAL VERSION OF TODD WORRELL CAME IN TO START THE HOME 10TH. MIKE SCHMIDT JUMPED ON WORRELL'S FIRST PITCH FOR A LEAD-OFF, GAME-WINNING HOMER. HIS 2ND ROUND-TRIPPER OF THE GAME FOR THE AMERICANS (AND 3RD OVERALL FOR THE DAY). FOR THE RECORD, WORRELL WAS CREDITED WITH BOTH THE WIN AND THE LOSS IN THE GAME.

THE MVP AWARD WAS GIVEN TO MIKE SCHMIDT FOR OBVIOUS REASONS.

THE FOURTH MEMORIAL NO-STAR GAME WAS HELD SOMEWHERE IN A CORNFIELD IN RURAL IOWA, ATTENDED BY NO ONE EXCEPT VARIOUS PRESIDENTIAL CANDIDATES WHO WERE LOOKING FOR VOTES.

THIS YEAR'S NO-STAR GAME WENT INTO EXTRA-INNINGS FOR THE FIRST TIME EVER, WHICH WAS AS WELCOME AS GETTING A ROOT CANAL AFTER HAVING THREE CAVITIES FILLED. THE AMERICANS SCORED FIRST AS STEVE BALBONI DRILLED A SOLO HOMER IN THE 3RD. JODY DAVIS TRIPLIED TO LEAD OFF THE 4TH FOR THE NATIONALS AND SCORED ON OZZIE VIRGIL'S WEAK GROUND. VIRGIL WAS HURT ON THE PLAY AS HE TRIPPED OVER THE 1ST BASE BAG, BUT STAYED IN THE GAME. THE 5TH INNING WAS NOTABLE FOR THE AMERICANS SINCE RILES DOUBLED. THIS WAS TO BE THE LAST HIGH OF THE GAME FOR THE AMERICANS' INCREDIBLY PATHETIC OFFENSE. MEANWHILE, THE NATIONALS HAD RUNNERS ON 2ND & 3RD WITH 1 OUT IN THE 5TH AND RUNNERS ON 1ST & 2ND WITH 1 OUT IN THE 7TH, BUT LET THEM DIE. STEVE BALBONI CONTRIBUTED 3 OUTS TO THE RALLY-KILLING, BY STRIKING OUT AND HITTING INTO A DOUBLE PLAY. CHET LEMON KILLED THE ONLY AMERICAN ATTEMPTED RALLY LATE IN THE 8TH BY DP-ING. FINALLY, IN THE 10TH, RILES SINGLED OFF SCHATZEDER. THEN, MOYER WAS BROUGHT IN AND PROMPTLY BALKED. ONE OUT LATER, BALBONI PULLED A HAMSTRING AS HE SWUNG MIGHTILY. THE RESULT WAS A WEAK GROUND, WHICH SCORED THE WINNING RUN.

THE LVP WENT TO THE NATIONAL'S MIKE BIELECKI, WHO YIELDED A SINGLE, BOOTED A BUNT TO ALLOW A RUNNER TO REACH, THEN GOT A SACRIFICE BUNT FOR THE ONLY OUT OF THE THREE HE FACED. HOWEVER, THE AMERICAN LINEUP "OUT-CHOKED" BIELECKI AND LEFT THE RUNNERS STRANDED.
